NATIONAL FOREIGN INTELLIGENCE BOARD

IC/82/3320
27 January 1982

MEMORANDUM FOR: DDCI and DCI

FROM : Walter Elder
Executive Secretary

SUBJECT : DCI Directives: NFIB and NFIC

1. Action Requested: That you approve the attached DCI directives to replace DCID 1/8.

2. Background: The drafts have been reviewed by the NFIB/NFIC principals, who offered comments as follows:

a. John McMahon proposed: "The NFIB (and NFIC) will be chaired by the DCI or the DDCI, or in their absence, by their designated representative."

I recommend you approve this added clarification.

Approve: ☒ Disapprove: ☐

b. General Stilwell and Richard Willard object to the pejorative connotations of "non-substantive" as applied to NFIC. They have a point. I recommend you approve the following:

"The NFIB will serve as the senior Intelligence Community advisory instrumentality to the Director of Central Intelligence on the substantive aspects of national intelligence."

"The NFIC will serve as the senior Intelligence Community advisory instrumentality to the Director of Central Intelligence on national intelligence issues other than the substantive aspects which are the responsibility of the National Foreign Intelligence Board."

Approve: ☒ Disapprove: ☐
